The settlement offer proposed in the DOJ v. Microsoft case is more than reasonable and this litigation should finally be brought to a conclusion. I am very concerned that special interest groups continue their agenda of pushing for the break-up of one of America's largest companies. I find this type of agenda unacceptable and way beyond reason.

Please accept the current settlement proposal and put a stop to this long overrun issue. It's time for America to get back to business and to continue our focus of competing in the new global economy. Thank you for your time and courtesy in this regard.

Sincerely,
